

## Co-op Membership

At the Swarthmore Co-op, member/owners invest refundable capital of **\$300** for a **lifetime membership**. This investment makes every member an owner and we use this money to capitalize the business. In return, the Co-op operates for the good of our community and members.

### Benefits of Membership

- **Twelve 10% discount coupons for the next twelve months.** For *new* members only! No minimum or maximum spending limit, valid on all items. If you spend \$250 in a monthly shopping trip, you recoup your investment in the first year! (*Valid if you join by Dec. 31, 2009.*)
- **House account.** A great benefit from a bygone era! Set up a pre-paid account and draw it down over time. Pay at the end of the month in a single convenient bill.
- **Grocery delivery.** Experience the convenience of home delivery. Call or email your order. Deliveries made every Tuesday and Thursday. Put the order on your house account and pay on your monthly bill!
- **Invitation to events.** Attend our acclaimed food and wine tastings, join us for educational trips to local farms and producers, or take part in cooking classes and demonstrations.
- **Helping to protect a 72 year old institution and ensuring the vitality of the downtown.** The downtown business district is the heart and soul of the town. The Co-op is a business and social anchor that continually brings new customers into the business district. Your membership adds capital to ensure the financial future of the Co-op.
- **Shaping the future direction of the Co-op.** The direction of the Co-op is influenced by members that participate in the annual survey or serve as Board members or on committees.
- **Building a community that values sustainability** The Co-op actively supports the development and use of local, sustainable food sources and producers. As a member, you have the opportunity to support the effort.
